

Lilac & Violet by Miracle Of Sound ft. Karliene, YENNEFER

Lilac flowers
And berries where we lie
Behind these violet eyes
A fire

Tragedy's child
Born into cruelty and crooked form
The hateful twist of rejection
Bends my heart

Powers volatile
Lightning awakes in a rising storm
The doors to hope and ascension
Creak apart

In the shards of the broken mirror
Many faces are shorn
In the agony I have
Been reborn

Reside in dreams of

Lilac flowers
And berries where we lie
Behind these violet eyes
A fire
No price or power
Can ever satisfy
Behind these violet eyes
A fire

Torn apart
To become a living work of art
Chaos kindled in my burning heart
Tear the creaking doors apart

My obsession and endless yearning
As our paths they align
Bound together by more than spell or sign

I'm in your dreams of

Lilac flowers
And berries where we lie
Behind these violet eyes
A fire
No price or power
Can ever satisfy
Behind these violet eyes
A fire
