

Lily Allen, Never Gonna Happen

I don't wanna hurt you cause I don't think it's a virtue
But you and I have come to our end
Believe me when I tell you that I never wanna see you again
And please can you stop calling cause it's getting really boring
And I've told you I don't want to be friends
Believe me when I tell you that I never wanna see you again
How on earth could I be any more obvious?
It never really did and now it's never gonna happen
with the two of us
I don't understand what it is that you're chasing after
But it makes me really sad to hear you sound so desperate
It just makes it harder
I can see how it's confusing -- it could be considered using
When I call you up straight out of the blue
But I don't understand what else a girl in my position's to do
Now I know you feel betrayed but it's been weeks since I got laid
This doesn't mean that I don't think you're a fool
But I don't understand what else a girl in my position's to do
How on earth
could I be any more obvious?
It never really did
and now it's never gonna happen
with the two of us
I don't understand
what it is that you're chasing after
But it makes me really sad
to hear you sound so desperate
It just makes it harder
I know it's rather ugly
cause I know that you still love me
And this isn't any kind of excuse
I don't love you, I don't love you...
How on earth could I be any more obvious?
It never really did and now it's never gonna happen
with the two of us
I don't understand what it is that you're chasing after
But it makes me really sad to hear you sound so desperate
It just makes it harder
