## Lily Allen, Never Gonna Happen

I don't wanna hurt you cause I don't think it's a virtue

But you and I have come to our end

Believe me when I tell you that I never wanna see you again And please can you stop calling cause it's getting really boring

And I've told you I don't want to be friends

Believe me when I tell you that I never wanna see you again

How on earth could I be any more obvious?

It never really did and now it's never gonna happen with the two of us

I don't understand what it is that you're chasing after

But it makes me really sad to hear you sound so desperate It just makes it harder

I can see how it's confusing -- it could be considered using

When I call you up straight out of the blue

But I don't understand what else a girl in my position's to do

Now I know you feel betrayed but it's been weeks since I got laid

This doesn't mean that I don't think you're a fool

But I don't understand what else a girl in my position's to do

How on earth

could I be any more obvious?

It never really did

and now it's never gonna happen

with the two of us

I don't understand

what it is that you're chasing after

But it makes me really sad

to hear you sound so desperate

It just makes it harder

I know it's rather ugly

cause I know that you still love me

And this isn't any kind of excuse

I don't love you, I don't love you...

How on earth could I be any more obvious?

It never really did and now it's never gonna happen

with the two of us

I don't understand what it is that you're chasing after

But it makes me really sad to hear you sound so desperate

It just makes it harder
