

Lily Allen, You're Onto Me

I haven't heard from you for days
Do you I leave you? I was giving us some space
You know I'm not about that chase
I've got enough, yeah, I've got plenty on my plate

But I see you're onto me
I see you're onto me

Just come, this time you're being way too long for me
Them other men are coming way too strong for me
Yes I'm composed, you stand there, oh so comfortably
Something about you is making me weak at the knees

And I see you're onto me
I see you're onto me

Don't want too much I promised you that we'd be cool
Don't want to meet your mum, I told you it was cool
Don't have to call me in the morning or at two
When you see me just don't treat me like a fool

And I see you're onto me
I see you're onto me
And I see you're onto me
Yeah, I see you're onto me
