

# Limahl, Still In Love

At night i can't sleep  
Cause i am thinking of you  
Tossing, turning, stomach churning  
I am cold but sweating too  
In-the day i don't eat  
And i can't work a t all  
Concentrating's just frustrating  
My life is in ftee fall

Still in love with you  
Still in love with you  
Still in love, a fool  
Tore me apart  
I just can't get over you

I take pills for the pain  
Yest, i do  
But it brings me relief  
It's diseased  
Why should i caryy on?  
Because nothing makes sense  
I am qualified for suicide  
It would just be self-defence

Still in love with you  
Still in love with you  
Still in love, a fool  
Tore me apart  
I just can't get over you
