

# Limp Bizkit, Now I Know Why You Wanna Hate Me

All the tension in the world today  
All the little girls fillin up the world today  
With the good comes the bad the bad comes the good  
But im gonna live a life like I should ( like I should)  
Now all the critics wanna hit it  
To shit-can how we did it  
just Because they dont get it  
But Ill stay fitted  
new era I committed  
Now this red cap  
Gets a wrap from his critics  
Do we always gotta cry? (gotta cry)  
Do we always gotta live inside a lie (inside a lie)  
Life's just a blast  
When it's Movin really fast  
Better stay on top of life  
or life will kick you in the ass  
Follow me into a solo  
Remember that, kid  
So what you wanna do?  
and where you gonna run  
When your starin down the cable  
of a mic pointed at your grill like a gun  
Limp Bizkit is rockin the set  
Its like Russian Roulette  
When your placin' your bet  
So dont be upset  
when you're broke  
And you're done  
Cuz im gonna be the one  
'till I jet  
I know why you wanna hate me  
I know why you wanna hate me  
I know why you wanna hate me  
Cuz hate is all that the world has even seen lately  
now I know why you wanna hate me (x4)  
Does anybody really know the secret  
Or the combination for this life and where to keep it  
Its kinda sad when you dont know the meaning  
But everything happens for a reason (for a reason)  
I dont even know what I should say  
Cuz im an idiot, a loser, microphone abuser  
I analyze every second I exist  
Beating on my mind every second with my fish  
Everybody wanna run (wanna run)  
Everybody wanna hide from the gun (hide from the gun)  
You can take this rap through this life if you want  
But you can't take the edge off the knife (no sir)  
And now you want your money back (money back)  
But your denied cuz your brains fried from the sack  
And there aint nothing I can do  
Cuz life is a lesson you learn it when your through  
I know why you wanna hate me  
I know why you wanna hate me  
I know why you wanna hate me  
Cuz hate is all the world has even seen lately(x4)  
(Now I know why..) x4  
Now I know why you wanna hate me (x2)  
Cuz hate is all the world has even seen lately(x2)
