

# Linda Davis, Always Will

(John Hadley/Harry Stinson)

If time is a train rollin down the tracks  
Every minute is a box car that don't come back  
Take a look around you it's all gonna change  
Whatever you see ain't neve gonna stay the same  
Except for the rain and the wind in the trees  
And the way I feel about you and me  
And the way I feel when I'm with you  
It's like the roll of the ocean  
And the calm quiet of the moon  
And when you hold me time stands still  
It always has and it always will  
Out on the horizon the sun is goin down  
But it ain't gone it's just on it's way around  
Just like your love I see it every day  
In the things you do and the things you say  
You touch my hand and I feel the thrill  
I always have and always will  
And the way I feel when I'm with you  
It's like the roll of the ocean  
And the calm quiet of the moon  
And when you hold me time stands still  
It always has and it always will  
If time is a train rollin down the tracks  
Every minute is a box car that don't ever come back  
But when you hold me time stands still  
It always has and it always will  
It always will  
It always will
