

Linkin Park, Anymore

I don't know why I am here listening to you anymore
I can't explain how I feel anymore
Do you even love me anymore

There is something crawling in the back of my head
saying why do I take this anymore
there is something wrong and I can't take it any more x2

Can you tell me why I am here hearing things in the back of my head
listening to things I have never heard before
things I thought I never would hear I guess things aren't the same anymore

There is something crawling in the back of my head
saying why do I take this anymore
there is something wrong and I can't take it any more x2

Who cares about me Who cares about you things just aren't the same anymore

There is something crawling in the back of my head
saying why do I take this anymore
there is something wrong and I can't take it any more x2
