Linkin Park, High Voltage (Remix)

You know what I mean You could put a label on a life, Put a label on a lifestyle

Sometimes...

You know Put a label on how you wake up every morning And go to bed at night

Hybrid

Ive been diggin into crates ever since I was livin in space
Before the ratrace, before monkeys had human traits
I mastered numerology and bigbang theology
Performed lobotomies with telekinetic psychology
Invented the mic so I could start blessin it
Chincheckin kids to make my point like an impressionist
Many men have tried to shake us
But I twist mic cords in double helixes and show them what Im made of

I buckle knees like leg braces

Cast the spell of instrumental-ness and all of you emcees who hate us So you can try on,

Leave you without a shoulder to cry on
From now to infinity let icons be bygones
I fire bomb ghostly notes haunt this
I tried threats but moved on to a promise
I stomp shit with or without an accomplice
And run the gauntlet with whoever that wants this

High Voltage
The unforgettable sound
High Voltage
Bringing you up and taking you down
High Voltage
Coming at you from every side
High Voltage
Making the rhythm and rhyme collide

Akira, I put a kink in the backbones of clones with microphones Never satisfy my rhyme jones Sprayin bright day over what you might say My Blood type's Krylon Technicolor type A On highways ride with road rage Cages of wind and cages of tin that bounce all around Surround sound Devouring the scene Subliminal gangrene paintings Over while the same thing Sing song karaoke copy bullshit Break bones verbally with sticks and stone tactics Fourth dimension, combat convention Write rhymes at ease while the track stands at attention Meant to put you away with the pencil Pistol, official, 16 line a rhyme missile While you risk your all, I pick out all your flaws Spin rah, blah blah blah You can say you saw

High Voltage
The Unforgettable sound
High Voltage
Bringing you up and taking you down
High Voltage

Coming at you from every side High Voltage Making the rhythm and rhyme collide

High Voltage
The Unforgettable sound
High Voltage
Bringing you up and taking you down
High Voltage
Coming at you from every side
High Voltage
Making the rhythm and rhyme collide

And like the rock and rap You know what i mean People act like you know Wow thats a new invention That shits brand new We're constantly evolving It is constantly changing

Sometimes...

There's a lot of change Everybody's always up with labels There aint no label for this shit They're always gonna try to put a label on it Try to create something So they can water it down

Sometimes I feel like a prophet Misunderstood Under the gun like a new disease

Sometimes I feel like a prophet Misunderstood Under the gun like a new disease

High Voltage
The Unforgettable sound
High Voltage
Bringing you up and taking you down
High Voltage
Coming at you from every side
High Voltage
Making the rhythm and rhyme collide

High Voltage
The Unforgettable sound
High Voltage
Bringing you up and taking you down
High Voltage
Coming at you from every side
High Voltage
Making the rhythm and rhyme collide

High Voltage
The Unforgettable sound
High Voltage
Bringing you up and taking you down
High Voltage
Coming at you from every side
High Voltage
Making the rhythm and rhyme collide

High Voltage
The Unforgettable sound
High Voltage
Bringing you up and taking you down
High Voltage
Coming at you from every side
High Voltage
Making the rhythm and rhyme collide

You know what I mean, you can put a label on a lifestyle
