Uh, yeah

Why does it feel like night today? Something in heres not right today Why am I so uptight today? Paranoias all I got left I dont know what stressed me first Or how the pressure was fed But I know just what it feels like To have a voice in the back of my head Its like a face that I hold inside A face that awakes when I close my eyes A face that watches everytime I lie A face that laughs everytime I fall And watches everything So, know that when its time to sink or swim That the face inside is hearing me Right underneath my skin

Its like Im paranoid looking over my back Its like a whirlwind inside of my head Its like I cant stop what Im hearing within Its like a face inside thats right beneath my skin

Hey, yo

Here we go again with the pain I feel isnt real

But in my mind, I find myself in places with names but not faces

My memory races at speeds

Hundred degrees

My soul bleeds, devil mustve planted the seed

Now it feels like my backs against the wall

Im taking the fall

Whenever I call nobodys responding at all

But I dont know who I can trust

The screaming my name

I need somebody to help me out of the frame

All Im trying to do is just master me

All I want to do is smoke a blast-to-beat

But something keeps talking to me

Consciously, responsibly, keeps haunting me from dusk til dawn

Everything has something for you

That voice inside of your head got you projecting paranoia

Cold sweat shining on your face

Exposing your purpose

And if I ripped off your skin Id probably find another person

Theres nothing worse than trying to bring yourself on back from the dead

So I advise you: listen to that voice in the back of your head

Its like Im paranoid looking over my back

Its like a whirlwind inside of my head

Its like I cant stop what Im hearing within

Its like a face inside thats right beneath my skin

Its like Im paranoid looking over my back

Its like a whirlwind inside of my head

Its like I cant stop what Im hearing within

Its like a face inside thats right beneath my skin

The face inside is right beneath your skin

The sun goes down
I feel the light betray me
The sun goes down
Its like Im paranoid
I feel the light betray me
The sun goes down
Cant stop what Im hearing within
Its like the face inside is right beneath my skin

Its like Im paranoid looking over my back
Its like a whirlwind inside of my head
Its like I cant stop what Im hearing within
Its like a face inside thats right beneath my skin

Its like Im paranoid looking over my back Its like a whirlwind inside of my head Its like I cant stop what Im hearing within Its like a face inside thats right beneath my skin
