

Linkin Park, Right Behind You

You, Always right Beside me
Never leaving Your post
You always find Me in the end
And never stop to ***** about the past
Biting my neck from day one it never last
I Thought so Suspicious From the start My Eyes Covered
I'm blindfold, A lost soul But I found A Way Through The Mess you made
Times up and it's time to pay
Even though i once believed our love was never ending
i do face the fact you've ruined it all.

Chorus:

You, can't see me, I stay in the shadows 'till you're gone
waiting just to see you cry

[I'd be right behind you]

You, can't find me

No matter where you look i won't be 'round

I'll be right behind you

[Right behind. Right Behind YOU]

None of us wanted it to be this way

I would be Cracking in two If i'd Stay

Like a ticking bomb

Above the blue anytime

you bet You Stop

and no one's will come to save

'cause the world don't need a fool like you

but I'm plannng to stay i got's lots to do

so before you close your eyes and turn off light

take a look again, you'll find i'm wearing my tie

even tough i once believed our love was never ending

i do face the fact you've ruined it all

Chorus:

You, can't see me, I stay in the shadows 'till you're gone
waiting just to see you cry

[I'd be right behind you]

You, can't find me

No matter where you look i won't be 'round

I'll be right behind you

[Right behind. Right Behind YOU]

You, can't see me, I stay in the shadows 'till you're gone
waiting just to see you cry

[I'd be right behind you]

You, can't find me

No matter where you look i won't be 'round

I'll be right behind you

[Right behind. Right Behind YOU]

You, can't see me, Lasting in the shadows 'till you're gone
waiting just to see you cry

[I'd be right behind you]

You, can't find me

No matter where you look i won't be 'round

I'll be right behind you.
