

# Lionel Richie, I Love You

Here I finally come to stand  
My pen and paper in hand  
To write to you

To tell you what I feel inside  
To say to you I can't survive  
Without you

For all the things I've come to see  
I now believe there's only you  
Only you for me

I'm standing here so lost in you  
That's all my heart and soul can do  
Is say what's true

I love you  
I love you

The first time I looked in your eyes  
It was so clear to my surprise  
My heart stood still

I've heard it time and time again  
That when you fall you can't pretend  
True love is real

I know with you I do belong  
You are my voice my simple song  
You're all I need

The joy I feel when love is blind  
You're everything I need to find  
My search is through

Babe I love you  
I love you  
Babe I love you  
I love you

Cause I know with you I do belong  
You are my voice my simple song  
You're all I need

And the joy I feel when love is blind  
You're everything I need to find  
My search is through

Babe I love you  
I love you
