

Lisa Shaw, You Me Love

I still remember
The day that you showed me the way love should be
You touched me gentle, made me feel tender
Had to surrender unto you and let you enter
Hiya, hiya, hiya, love to love you
Hiya, hiya, hiya, no one above you
Hiya, hiya, hiya, thinkin of you
When you love me
down you just blow my mind, yeah
One and one makes two
You and me equals love
Equals love
One and one makes two
You and me equals love
Equals love
You're so understanding
You make me feel complete, you're sweet, never demanding
So happy that I found a lover
Whos my friend until the end, I dont need no other
Hiya, hiya, love to love you
Hiya, hiya, no one above you
Hiya, hiya, thinkin of you
When you love me down you just blow my mind, yeah
One and one makes two
You and me equals love
You and me, you and me, love
One and one makes two
You and me equals love
You and me, you and me, love
Let me bust it in a rhyme
'Cause it's time for you to know
You're what you do to see, honey
When we combine,
Sweat drippin'
I feel myself rippin'
Inside of my heart
A feelin' that got me squealin'
You touch my body and I quiver
What you do with your fingertips
To my lips when you deliver
You're like no other
Under the cover
Gentle when you wanna be
Rough I can't get enough lover
You and me, you and me
Equals love, oh yeah
In love, in love
One and one makes two, oh, yeah
One and one makes two
You and me equals love
Equals love
One and one makes two
You and me equals love
Equals love
One and one makes two
You and me equals love
You and me, you and me, love
One and one makes two
You and me equals love
You and me, you and me, love
One and one makes two
You and me equals love
Equals love
I dont know what you do to me

The way you look at me
The way you smile at me
The way you talk to me
The way you touch me
The way you kiss me
Hold me, ho...oh...oh...
Ho...oh...oh...ho...oh...oh...
Love
