

# Lisa Stansfield, Love Can

Drift, what it means  
Nothing wrong in my past  
Played and ran from me  
Out of space and out of time

I shattered you to pieces  
When you leave get out my way  
Why did I come to running away?  
For just letting say babe

Instead of you don't ...  
Time to trust  
Nothing hurts like love  
Like love can do  
It can make you cry  
You can be that lucky  
When it's right,  
It can make you fly

....
