

# Lit, Don't Tell Me Why

She's not the girl i thought she was  
oh yeah baby  
why dont she want me anymore  
oh yeah baby  
she'd rather stay at home and cook and look after the baby  
than be with me all night, than be with me all night

Don't tell me why  
i'll figure it out sometime  
Don't tell me  
why she's telling me all these lies  
i dont know why, i dont why  
I'm standing in this spotlight  
AND I  
and i  
why, why, why, why,why,why,why,why

she wants me no more  
she's a little whore  
i want her dead and gone  
my life is all a lie  
my life is all a lie

Don't tell me why im standing in this spotlight  
telling u all these lies  
and i  
and i.....
