

Lita Ford, Spider Monkey

(Ford,Ehmig)

I'm a spider monkey baby, gonna crawl all over you
I'm a spider monkey baby, gonna crawl all over you
I'm gonna love you baby, just like a spider monkey do

I've been swinging in this jungle
Ever since I was a child
I've been swinging in this jungle
Ever since I was a baby child
I've been waiting for you darlin
To come and join me in the wild

I'm a spider monkey baby
Just can't keep me down
I'm a spider monkey baby, never touch the ground
Won't you swing with me honey
Down in spider monkey town

I'm a spider monkey baby
I'm gonna get you in my tree
I'm a spider monkey sugar
I'm gonna get you in my tree
Won't you come on sweet baby do that monkey thing with me
