

# Lita Ford, Spider Monkey

(Ford,Ehmig)

I'm a spider monkey baby, gonna crawl all over you  
I'm a spider monkey baby, gonna crawl all over you  
I'm gonna love you baby, just like a spider monkey do

I've been swinging in this jungle  
Ever since I was a child  
I've been swinging in this jungle  
Ever since I was a baby child  
I've been waiting for you darlin  
To come and join me in the wild

I'm a spider monkey baby  
Just can't keep me down  
I'm a spider monkey baby, never touch the ground  
Won't you swing with me honey  
Down in spider monkey town

I'm a spider monkey baby  
I'm gonna get you in my tree  
I'm a spider monkey sugar  
I'm gonna get you in my tree  
Won't you come on sweet baby do that monkey thing with me
