## Lita Ford, Spider Monkey

(Ford, Ehmig)

I'm a spider monkey baby, gonna crawl all over you I'm a spider monkey baby, gonna crawl all over you I'm gonna love you baby, just like a spider monkey do

I've been swinging in this jungle Ever since I was a child I've been swinging in this jungle Ever since I was a baby child I've been waiting for you darlin To come and join me in the wild

I'm a spider monkey baby Just can't keep me down I'm a spider monkey baby, never touch the ground Won't you swing with me honey Down in spider monkey town

I'm a spider monkey baby I'm gonna get you in my tree I'm a spider monkey sugar I'm gonna get you in my tree Won't you come on sweet baby do that monkey thing with me
