

# Little Birdy, Sing Me A Lullaby

Sally walks out, leaves the room, Billy's sad  
Oh, no one saw the subtle wink she gave him  
Cos I'm only yours til blue birds fly so high, next to me  
Lets go play, simple rules, handsome babe

I'm touching your head slowly  
Bring my toes to the water there  
Cos I can watch, and hope, and pray that you like this daydream  
That I made just for you, handsome mate

oooh  
It's only laughter you know, you're gonna see  
Just be my good time babe  
We'll feel the world  
World  
It's only love  
To the world  
To the world  
To the world  
To the world...
