## Little Green Cars, My Love Took Me Down to the

My love took me down to the river to silence me And when he left I could not speak I lay on the ground I tried to scream But no sound did come out I could only bleed blue

I waited for him til the frost did come My skin, it turned blue and my body was numb But my heart it burned out til it was no more Still I wait on the ground I don't know what for

There is a heart in here Where is the heart in here

This love's killing me but I want it to So long you're gone Just like I always knew But I'm still here waiting for you But I'm still here waiting for you

My love took me down to the river to silence me And when he left I could not speak And what he said to me I can never say Because it's breaking my heart to this very day

There is a heart in here Where is the heart in here

This love's killing me but I want it to So long you're gone Just like I always knew But I'm still here waiting for you But I'm still here waiting for you
