

Little Mix, Clued Up

[Jade]

Hey, yeah, no oh oh, yeah
Mmm, listen

I used to dress like everybody else
I wanted to just blend in

[Leigh Anne]

They told me no, keep my dreams on the low
Told me I'd never win, yeah

[Jesy]

I love to be different
Guard up to opinions then let 'em in

[Perrie]

Tear me down, want to see me drown
Like being happy is such a sin, uh huh

[All]

And now I'm older, it's never over
It don't stop affecting me, the world keeps testing me
I'm getting on track with every knock back
On a bad day, I just gotta stay, stay, stay, stay

I stay clued up and I'm ready
To love the good and live the bad
Clued up and now I get it
Just make the best of what you have

Cause sometimes it's beauty, sometimes it's pain
Sometimes it's sunshine, and sometimes it's rain

[Leigh Anne]

I'm clued up and now I get it
Just make the best of what you have

[All]

Clued up and now I get it
Just make the best of what you have

[Leigh Anne]

Invisible, I feel like I'm forgotten
Do you even notice me, yeah?

[Jade]

Work myself up, let the nerves take over
How I feel isn't what you see

[Jesy]

I need control, don't know how to let it go
I need to learn to let it be

[Perrie]

Gotta remember nothing lasts forever
So I'm just happy being me

[All]

And now I'm older, it's never over
It don't stop affecting me, the world keeps testing me
I'm getting on track with every knock back
On a bad day, I just gotta stay, stay, stay, stay

I stay clued up and I'm ready

To love the good and live the bad
Clued up and now I get it
Just make the best of what you have

Cause sometimes it's beauty, sometimes it's pain
Sometimes it's sunshine, and sometimes it's rain

I'm clued up and now I get it
Just make the best of what you have
Clued up and now I get it
Just make the best of what you have

[Perrie]
I will never run, never run from a lesson
I will never hide, never hide from the present

[Leigh Anne]
All the ups and downs, all the heres and the nows

[Jesy]
Everything I face, no, it's never forgotten
Cause every single day is a chance I can blossom

[Jade]
All the ups and downs
Yeah I'm living right now, hey
I'm living right now, yeah
1 2 3

[All]
I'm clued up and I'm ready
To love the good and live the bad
Clued up and now I get it
Just make the best of what you have

Cause sometimes it's beauty, sometimes it's pain
Sometimes it's sunshine, and sometimes it's rain

I'm clued up and now I'm ready
Just make the best of what you have
Clued up and now I get it
Just make the best of what you have

[Outro]
Beauty, but sometimes it's pain
Sometimes it's sunshine, sometimes it's rain
