

Little Mix, Holiday

[Verse 1: Jesy Nelson]

Boy, have I told ya?
I swear you put the sun up in my sky
When it's cold, you pull me closer
So hot it's like the middle of July (July)

[Pre-Chorus: Leigh-Anne]

Wanna have a little taste, so let me delay you (Delay you)
Nothing better than your skin on mine (Skin on mine)
I've been looking for the feeling looking all my life
Boy you give it to me every time

[Chorus: Jade Thirlwall]

Can we make it all night, we don't stop
Fill up on my body, babe, oh
Touch me like a summer night, you feel like a holiday, oh
Up all night, we don't stop, fill up on my body, babe
We're just dancing the night away
Boy, you feel like a holiday

[Post-Chorus: Perrie Edwards & Jesy Nelson]

So I'ma let go
No one else in the world could ever come close to you, baby (Oh-oh)
Close to you, baby (Oh-oh)
We're taking it slow
We're never everlasting forever, my baby (Oh-oh)
You're turning me on

[Verse 2: Jade Thirlwall]

Boy, have I told ya?
You give it to me like no other guy
We got that heat, like the summer (Summer)
And that's why I'm so glad I made you mine

[Pre-Chorus: Leigh-Anne]

Wanna have a little taste, so let me delay you (Delay you)
Nothing better than your skin on mine (Skin on mine)
I've been looking for the feeling looking all my life
Boy you give it to me every time

[Chorus: Jade Thirlwall, Leigh-Anne Pinnock & Jesy Nelson]

Can we make it all night, we don't stop
Fill up on my body, babe, oh
Touch me like a summer night, you feel like a holiday, oh (Holiday, yeah)
Up all night, we don't stop, fill up on my body, babe
We're just dancing the night away
Boy, you feel like a holiday

[Post-Chorus: Perrie Edwards & Jesy Nelson]

So I'ma let go
No one else in the world could ever come close to you, baby (Close to you, baby)
Close to you, baby (Close to you, baby)
We're taking it slow
We're never everlasting forever, my baby
You're turning me on

[Bridge: Jesy Nelson & Jade Thirlwall]

So put your love on me, up on me
Oh boy, I love you when you touchin' me, holdin' me
The way nobody put that thing on me
Up on me, like you do
Feel like a holiday, you know that I want it, babe

[Chorus: Jade Thirlwall, Leigh-Anne Pinnock & Jesy Nelson]

Can we make it all night, we don't stop
Fill up on my body, babe, oh
Touch me like a summer night, you feel like a holiday, oh
Up all night, we don't stop, fill up on my body, babe
We're just dancing the night away
Boy, you feel like a holiday

[Post-Chorus: Perrie Edwards, Jesy Nelson & Leigh-Anne]

So I'ma let go

No one else in the world could ever come close to you, baby (Close to you, baby)

Close to you, baby (Close to you, baby)

We're taking it slow (Slow)

We're never everlasting forever, my baby

You're turning me on

Turning me on, yeah
