

# Little Mix, Stand Down

(Daddy said, &quot;You get once chance in life.&quot;)[2x]

[Jesy:]

Let me start it by telling you something  
I think there's one thing you should know  
We ain't playin' no games, this ain't no playground  
It's time to drop your sticks and stones

[Perrie:]

'Cause I've been chasing dreams since I took my first sleep  
And I'm gon' be lil' Bo so contemplate if you're the sheep  
And we gon' make a humble pie so egos cut a slice and take a piece, hey

[Jade:]

So, you see, there's no point in underestimating me  
Lock up all your thoughts and throw away the key  
No, I don't want to hear it 'cause your, no, it doesn't bother me

[All:]

Now I'm done with all your negativity  
And I'm gonna let it wash all over me  
I'll be stronger than your words, baby, I'm harder  
My smile lights up the world, I'm flyin' higher  
So stand down (don't wanna hear it)  
Back it up now (don't wanna hear it)  
Stand down (don't wanna hear it)  
Back it up, back it up-up now  
Stand down (don't wanna hear it)  
Back it up now (don't wanna hear it)  
Stand down (don't wanna hear it)  
Back it up, back it up-up now

(Daddy said, &quot;You get once chance in life.&quot;)[2x]

[Leigh-Anne:]

Come a little bit closer  
Let me tell you about a girl you used to know  
She ain't waiting for luck, no wishful thinker,  
She's gonna do it on her own

[Jade:]

So, you see, there's no point in underestimating me, to me  
Lock up all your thoughts and throw away the key  
No, I don't want to hear it 'cause your, no, it doesn't bother me

[All:]

Now I'm done with all your negativity  
And I'm gonna let it wash all over me  
I'll be stronger than your words, baby, I'm harder  
My smile lights up the world, I'm flyin' higher  
So stand down (don't wanna hear it)  
Back it up now (don't wanna hear it)  
Stand down (don't wanna hear it)  
Back it up, back it up-up now  
Stand down (don't wanna hear it)  
Back it up now (don't wanna hear it)  
Stand down (don't wanna hear it)  
Back it up, back it up-up now

[Jesy:]

'Cause I'm a tell you tonight

Now I'm done with all your negativity  
And I'm gonna let it wash all over me

So stand down (don't wanna hear it)  
Back it up now (don't wanna hear it)  
Stand down (don't wanna hear it)  
Back it up, back it up-up now  
Stand down (don't wanna hear it)
