

# Little Mix, The Beginning

[Verse 1]

Let's take it back to where we first began  
They turned us strangers into closest friends  
Turn the page and see the wonder  
That's here for you and I

Was all so different once upon a time  
But now the spark we got won't ever die  
Close your eyes and feel the magic  
Don't ever let it go

A bit of me, a piece of you  
With a sprinkle of attitude  
A little dream, a lot of love  
Turn up the heat baby, don't give up

Yeah I know we've come so far  
But it's just the beginning  
Yeah I know we've come so far  
But it's just the beginning
