

Little River Band, It's A Long Way There

Hey everybody, yeah, don't you feel that there's something?

People on their own are getting nowhere
I'm on the road to see
If anything is anywhere or waiting, just for me
Everynight I walk around the city, seems like I'll never know
That feeling of being together when I go
And it's a long way there, it's a long way to where I'm going
And it's a long way there, it's a long way to where I'm going

Hey everybody, don't you feel that there's something
But you know in a moment it is gone
I live for the day when I can hear people saying
That they know and they care for everyone
But I feel like I've been here for the whole of my life
Never knowing home

It's a long way, it's a long, long, long way there
I'm gonna keep on tryin', I'm gonna keep on tryin', yeah
I'm gonna keep on tryin', keep on tryin'
And it's a long way there, it's a long way to where I'm going

Hey everybody, yeah, don't you feel that there's something?
Feel it, feel it?
Hey everybody, don't you feel that there's something?
