

# LIV, Dream Awake

I carve your name across my collar  
I trace the shapes on your chest  
The rising and the falling  
Catching of your bell

Someone's ink and needle  
Have been here before I  
Don't mind if I believe it  
Don't waste my high

Fight the night  
Dream awake  
Saw the light  
I dream awake

Ran away while you're sleeping  
Where your chains won't bring me down  
Where the light won't break the needle  
Where the day don't come around

Somebody's ink and needle  
Have been here before I  
Don't mind if I believe it  
Don't waste my high

Fight the night  
Dream awake  
Saw the light  
I dream awake  
Fight the night  
Dream awake  
Saw the light  
I dream awake

I stand when you fall  
I'm gone when you go  
I stand when you fall  
I'm gone when you go

Fight the night  
Dream awake  
Saw the light  
I dream awake  
Fight the night  
Dream awake  
Saw the light
