

# LIV, Wings of Love

How many lives do I have to wait?  
How many hearts does it take to break this body?  
Till I feel like somebody?  
How many lives do I have to wait?  
How many hearts does it take to break this body?  
Till I feel like somebody?

I wanna live, wanna die on a silver lining  
I wanna ride on the wings of love  
When I die, don't you cry, I'll be flying by you  
I'll be riding on the wings of love

How many lies do I have to shake?  
How many nights should I lie awake on fire?  
Someone take me higher  
How many lies do I have to shake?  
How many nights should I run away from fire?  
Someone take me higher

I wanna live, wanna die on a silver lining  
I wanna ride on the wings of love  
When I die, don't you cry, I'll be flying by you  
I'll be riding on the wings of love

Wings of love /4x

I wanna live, wanna die on a silver lining
