

# LIZ PHAIR, Lost Tonight

yeah  
you've got a pretty young face  
and a pretty old soul  
got a pretty old soul  
and yeah you know you got what it takes  
but you're never to cold  
you're never to cold

and i wanna get lost tonight with you  
let me know it it's alright that i do  
cause i wanna get lost tonight with you  
what you've got is what i'm running to

yeah  
you've heard it all before  
but this time it's true  
this time it's true  
yeah  
i'm not that kind of girl  
but i could be for you

wouldn't you know there's a blackout tonight  
we're stuck here with nothing to do  
but i lean out the window and find paradise

we've both got nothing to lose

and i wanna get lost tonight with you  
let me know it it's alright that i do  
cause i wanna get lost tonight with you  
what you've got is what i'm running to
