(LL Cool J)

I had a bad shooby-doobie for ya  
Down in Georgetown fuckin with the Hoyas  
Lookin for a darkskin chocolate chick  
Bowlegged with a perm and the ass was thick  
Blacker the berry - well you know the rest  
She got the most rhythm, she ride the best  
Talkin midnight black, nappy hair with peas in the back  
Scratch my pipe up everytime I hit that (oow)  
She don't look Hawaiian, she not Puerto Rican  
No disrespect mami, but tonight L creepin  
with the darkest honey I could find  
Can't hit a light-skinned dime all the time  
Get your black ass over here, you out your mind?  
I'll turn Halle Berry down for you anytime  
Black queen, dark and lovely, sippin on my bubbly  
First you got to love yourself, then you can love me

(repeat 4X)

M.I. crooked letter, crooked letter  
I, nigga want to hump-that I

(LL Cool J)

I still love you light skin, I'll pimp y'all too  
When I cruise through your hood girl, whatcha gon' do?  
I heard only pretty boys get to run wit you  
Topless in my six now, is that really true?  
Baby look at you, your whole yellow crew  
Cute baby face but look at what you bout to do?  
"Si'l vous plais ma cherie, merci beaucoup"  
When my joint up in her mouth, she like, "You speak French too?"

(repeat 8X)
