

# LL Cool J, Ooh Wee

[Ginuwine:]

Gimme all you got girl.. gimme, gimme [4x]

[LL Cool J:]

Uhh, yeah, uh-huh

If I'm hot for you and you hot for me  
What you got for me is no shock to me  
Still can't believe you're my property  
The sound of you ploppin on top of me  
The feelin of, hittin the lottery  
Or passin "Go" twice in Mono-poly  
Doesn't, dare to compare to what you got for me  
The taste of the puddin is so chocolatey  
Hope to seein it, so I'm seein it  
Still got my sneakers and my chain on lean in it  
Moonlight hit it right it start gleamin  
Mean faces, for what was the meanin?  
Pop it a little bit and, drop it a little bit  
It's, hard to read you I feel like I'm illiterate  
But I'm ready for the graduation  
Yeah, right there, repeat that rotation

[Chorus - Ginuwine:]

Give me all you got baby tonight (tonight)  
Now's the perfect time; come blow my mind  
It's cold out here please let me come inside (let me come inside)  
Oooh so warm at night; you blow my mind - hey yeahhh

[LL Cool J:]

Yeah baby go ahead and talk greasy  
Tell me how you never had it this deeply  
I'mma whisper slick, you respond sweetly  
Extra freaky, I trick and you treat me  
I'll give, you take, but don't hesitate  
When you feel it girl, throw it right back  
Just let me hold ya by your shoulders  
Damn, you can take it like that?  
I knew you was a champ girl  
You got your leg on the dresser kickin the lamp girl  
Run the shower let's head in the bathroom girl  
Cause the temperature's hotter than high noon girl  
I crack that do', let the steam blow  
Ain't nobody here but me and you, let it go  
You never had it this good, you already know  
Give me all you got tonight, really though

[Chorus]

[LL Cool J:]

Take it to the bridge

[Interlude - Ginuwine:]

You're the sexiest woman I've ever known  
Baby my mind is blown  
It's simply beautiful, how you do it to me (OW!)  
You're showin me things I'd never do  
A whole 'nother side of you (side of you)  
Just keep doin what you do, it feels like ooh wee!

[LL Cool J:]

You can go and have the wild climax  
Ain't no way I'm 'bout to let you relax  
Let me see if you can hold me on your back

Let me see you wind your body to the track  
Pop it a little bit and, drop it a little bit  
It's, hard to read you I feel like I'm illiterate  
But I'm ready for the graduation  
Yeah, right there, repeat that rotation

[Chorus]

[Ginuwine:]  
Gimme all you got girl.. gimme, gimme [4x]

[LL over Ginuwine:]  
Beautiful, yeah, keep it right there  
I like that

Yeah, uh-huh, yeah  
Awww man, yeah..  
[Fade out]
