

Local H, California Songs

Well, I got your late night call
You're in the center of it all
You're having a ball
And you're really doing fine
A west coast time
And I believe you

But here's one for the coast
The people with the most
The pretty, pretty folks
The west coast folks
Yeah, here's one for the coast
And the people with the most
The pretty, pretty folks
The west coast folks

And here we go again
It's never gonna end
We're all so sick of California songs
Yeah, we know you love L.A.
There's nothing left to say
Please no more California songs

And fuck New York too

Yeah, your heaven is a lie
Just more shit that I don't buy
Well, they're heading for the coast
They're moving out in droves
Sending back reports on the radio
The message is the same
It's getting pretty lame
California Dreamin's on the radio

And here we go again
It's never gonna end
We're all so sick of California songs
Yeah, we know you love L.A.
There's nothing left to say
Please no more California songs

And here we go again
It's never gonna end
We're all so sick of California songs
Yeah, we know you love L.A.
But there's nothing left to say
Please no more California songs

And fuck New York too

All right, all right, all right
All right (all right), all right (all right), all right (all right), yeah

Here's one for the coast
Yeah
Well, here we go again
It's never gonna end
We're all so sick of California songs
Yeah, we know you love L.A.
There's nothing left to say
Please no more California songs

And here we go again
It's never gonna end

We're all so sick of California songs
Yeah, we know you love L.A.
There's nothing left to say
Please no more California songs
Please no more California songs
Please no more California songs
Please no more California songs
Please no more California songs

And fuck New York too
