

# Lock Up, Cascade Leviathan

Sulfur ritual, seeking shelter, bitter rhymes  
Fathomless the hidden psalm sedates the mind  
Daggers of stigmata lines of truth arise  
Bestial hoops and stillborn wall are magnified

Cascade leviathan  
Dragging time - dismembered youth  
Cascade leviathan  
Primed the sorry dreggs are drained

Orchestras of havoc humming violent themes  
Nests in mirrors, satellites - corroding dreams  
Sects of shivers - premature the scorpion sting  
Senses shot beneath an abscess rhapsody

Desperation garners no gaunt reward  
Abyss in waiting - contagion spreading  
Tattered nemesis - torrential mood  
deviant seeds - substitute for food.
