

# Lolahol, Lock&Key

Why can't I just lock into a Polly pocket  
It could all be crystal clear  
Keep a photo of you in my locket  
addicted to the comfort  
Till the comforter gets  
too hot too hot to sleep  
I'm tossing and tearing

I need a breeze  
Whisk me away  
I need to breathe  
Nothing to say

Snap you in and out of my direction  
Running to you from both ends  
Wanna keep you close for my protection  
The delusion keeps me safe  
No sleep  
Next plane  
No sleep  
Make up  
Next club  
Next car  
Next plane  
No sleep  
No fear

I need a breeze  
Whisk me away  
I need to breathe  
Nothing to say

Gimme that street rat  
Street rat  
black car  
white trail  
Chem trail  
White line  
Rub me Like a genie  
You're a genius  
And I need that  
Can't fuck w a dummy  
Ya you know that  
Cus you know me  
Know me like that  
Looking at each other like  
freeze tag  
Freeze tag

I need a breeze  
Whisk me away  
I need to breathe  
Nothing to say t I just lock into a Polly pocket
