

# Lombard, Road To Freedom

Some people, they'll never change  
They'll go around, and that's their way  
Some people, they'll never change  
Talking, Talking without any sense

Some people, they'll never said  
It was a really big mistake  
Some people, you'll never know  
They seems to be like winters' snow

Feels like I'm a shadow,  
so many people cold as ice  
Feels like I'm a shadow,  
to many people cold

Road, road to freedom  
Nobody gone stop

Road, road to freedom  
Nobody gone change

Road, road to freedom  
Nobody gone stop

Road, road to freedom  
Nobody gone change

Some people  
People everything change  
?  
So many people good like God  
Feels like I'm a shadow,  
So many heroes?

Road, road to freedom  
Nobody gone stop

Road, road to freedom  
Nobody gone change

Road, road to freedom  
Nobody gone stop

Road, road to freedom  
Nobody gone change
