

# Long Beach Dub All Stars, Luke

Luke

Luke was a poor boy

He had to work very hard

Work Very hard

He never had no money

Some say he draw that card

Draw that card

Then one day when he woke up

In the morning and said to himself

Is this the only way to pick myself

Up off the ground

Cause I keep falling down

Luke was a struggler

Struggling all of the time

Struggle all of the time

He never had no reason

You know he never had no rhymes

Never no rhymes

Then one day when he woke up

In the morning and said to himself

Is this the only way to pick myself

From off the ground

Cause I keep falling down

Thats when he realized

That everyone needs a piece of the pie

Thats when he realized

That everyone needs a piece of the pie

Maybe someday, yes, you'll wake up, yes you'll wake up

And you'll say to yourself, say to yourself

Luke some had anger, yes

Deep down inside

Deep down inside

He never had no reason

You know he never had no rhymes

Never no rhymes

Then one day when he woke up in the morning and said to himself

Is this the only way to pick myself from off the ground

Because i keep falling down

Then one day he woke up

In the morning and said to himself

Is this the only way to pick myself

Up off the ground

Cause I keep falling down
