

# Lord Of The Lost, Destruction Manual

Reprezentująca Niemcy na Eurowizji 2023 grupa Lord Of The Lost prezentuje teledysk "Destruction Manual"

We all endure our daily war  
Like an automaton  
Return to zero  
Rewrite your law  
And join the gang  
Sing 3, 2, 1

Gonna paint the town pink  
Time to do, not to think  
Feel the devil pulsate in your veins  
Well, there's no guarantee  
What tomorrow will be  
So let's leave it tonight all in flames

Be you, be true, be keen  
No rules, no fools, no scene

Let it burn, motherfucker, let it burn  
Let it hurt, let it rock and let it turn  
Let it burn, motherfucker, let it burn  
Let it burn, burn, burn, burn, burn  
Sing it, hey  
Motherfucker, sing it, hey  
Let it rock and sing it, hey  
Motherfucker gonna burn, burn, burn, burn, burn

Unload all your regret  
They're insured, I would guess  
So whatever you smash will be fine  
Let the rebel dictate  
And destroy to create  
Devastation is oh, so divine

Let it burn, motherfucker, let it burn  
Let it hurt, let it rock and let it turn  
Let it burn, motherfucker, let it burn  
Let it burn, burn, burn, burn, burn  
Sing it, hey  
Motherfucker, sing it, hey  
Let it rock and sing it, hey  
Motherfucker gonna burn, burn, burn, burn, burn

Break it down  
Break it down

Let it burn, motherfucker, let it burn  
Let it hurt, let it rock and let it turn  
Let it burn, motherfucker, let it burn  
Let it burn, burn, burn, burn, burn  
Sing it, hey  
Motherfucker, sing it, hey  
Let it rock and sing it, hey  
Motherfucker gonna burn

Hey  
Motherfucker, sing it, hey  
Let it rock and sing it, hey  
Motherfucker gonna burn, burn, burn, burn, burn
