

# Loreen, I'm in It With You

You took a shot, it took you down  
But not a single drop of blood fell  
They hit your heart, they took it out  
And left you bleeding in a dry spell

What were you thinking?  
Why did you let go?  
I was still hunting you  
What were you thinking  
Why didn't I know?  
When I was right there with you

If you ever fall, I'd lift you up  
If you lose your way, I'll pick you up  
And I'm in it with you  
And I'm in it with you

It took a blade, it went in deep  
And it was tearing up inside you  
Must've been sharper underneath  
Cause there were scars I couldn't undo

What were you thinking?  
Why did you let go?  
I was still hunting you  
What were you thinking  
Why didn't I know?  
When I was right there with you

If you ever fall, I'd lift you up  
If you lose your way, I'll pick you up  
And I'm in it with you  
And I'm in it with you

Now you took a shot  
I'm in it with you  
I'm in it with you

If you ever fall, I'd lift you up  
And if you lose your way, I'll pick you up  
And I'm in it with you  
And I'm in it with you

If you'll ever  
If you'll ever  
And I'm in it with you  
And I'm in it with you, you
