

# Lorrie Morgan, Five Minutes

You look so disbelieving  
At my suitcase by the door  
My taxi's on its' way  
I can't take it anymore

Lately you've forgotten  
What loving me is about  
Well, now you've got five minutes  
To figure it out

## CHORUS

You've got five minutes  
To tell me what I've needed to hear  
You've got five minutes  
To show me that your really sincere  
That's not much time to change my mind  
It'll take a miracle no doubt  
And you've got five minutes  
To figure it out

Now I've got your attention  
Here's what I've got to say  
You'd better do some talking  
'Cause my taxi's on its' way

We used to set the nights on fire  
Now everyday is the same  
But now you've got five minutes  
To kindle the flame

## REPEAT CHORUS

## BRIDGE

You can start with please don't leave me  
And end with I love you  
And if you'd only kiss me  
The way you used to do  
You could see a miracle come true

## REPEAT CHORUS

## TAG

You've still got five minutes  
To figure it out
