

Loser, Nobody knows

Another song plays on and on, across the radio,
reminding me of days that feel so long ago
when i was young i had no one to play the part of me,
i learned the hard way how to find myself that's why, i'm here alone.
It's been so long since i've been home i lost a part of me
i had to find myself that's why i'm here alone, nobody knows
it's taking a lifetime, for me to see, there's no one to blame
nobody but me

Nobody knows, nobody knows what's life in front of me
i have to face the world and live my life alone
nobody knows, nobody knows what's life in front of me
that's why i find myself alone, nobody knows

When i was young i had no one to play the part of me,
i had to find myself, that's why i'm here alone
it's been so long since i've been home, i lost a part of me
i had to find myself, that's why i'm here alone, nobody knows
it's taking a lifetime for me to see, there's no one to blame,
nobody but me

Nobody knows, nobody knows what's life in front of me
i have to face the world and live my life alone
nobody knows, nobody knows what's life in front of me
i have to face the world and live my life alone,
nobody knows

Another song plays on and on, across the radio,
reminding me, those days are gone

Nobody knows, nobody knows what's life in front of me
i have to face the world and live my life alone
nobody knows, nobody knows what's life in front of me
i have to face the world and live my life alone,
nobody knows, nobody knows

Another song plays on and on, across the radio,
reminding me, i'm still alone..
