

Lost Frequencies, Sun Is Shining

glory, glory, hallelujah
the sun is shining, shining down
glory, glory, hallelujah
the sun is shining, shining down
glory, glory, hallelujah
I am alive and I am feeling, feeling fine

how many more days can you hold out
how much longer can you wait, she aske
there was a time I thought I could answer
but my tongue gets tied as my thoughts drift away

glory, glory, hallelujah
the sun is shining, shining down
glory, glory, hallelujah
I am alive and I am feeling, feeling fine

and I am alive and I am feeling

how many more days

glory, glory, hallelujah
I am alive and I am feeling, feeling fine
