

Lou Reed, Revien Cherie

Lovely day
The sunshine
A light of love
Love divine
As time strode away

A test of love
I bring to you my love
Like a bird who builds your unborn a home
Full of warmth
I give to you the same test of love
Revien cherie
Revien cherie

Sitting all alone in a daze
I sing a song to you my love
I wish I were dead
My love was far away

A test of love
I bring to you my love
Like a bird who builds your unborn a home
Full of warmth
I give to you the same test of love
Revien cherie
Revien cherie

Life to me is a share
To be, to see, to understand each other
To love one another
I give to you the same test of love
Revien cherie
Revien cherie
