

LoveHateHero, She Puts The Ho In Homewrecker

Say hello to homewrecker everyone
Define her it means she'll fuck anyone
No self-esteem, she's on her knees
Not leaving much to the imagination
In those pretty high heels
Amy, stand up and receive this award
I am pleased to pronounce you a whore
Amy, you're such a disease, you're the queen
of the sleaze, rule the streets from your knees
You'd take off your clothes
Don't bother him with those
The wedding band on his left hand says it
But you couldn't care less about which man you're in bed with
Oh, did I hurt your feelings?
Am I so untrue?
Would you meet his family?
I didn't think so.
Not leaving much to the imagination
In those pretty high heels
Amy, stand up and receive this award
I am pleased to pronounce you a whore
Amy, you're such a disease, you're the queen
of the sleaze, rule the streets from your knees
(Rule the streets from your knees) [repeat]
Strip away.
Dignity's overrated.
Straight forward.
I hate her more.
Stripped away.
And oversaturated.
I call her
HOMEWRECKER
Amy, stand up and receive this award
I am pleased to pronounce you a whore
Amy, you're such a disease, you're the queen
of the sleaze, rule the streets from your knees
