Loverboy, For You

You make believe that you don't know You wear it well you never let it show Break into what you can bend You push your luck to the bitter end Try to run before you walk You critize but you can talk Make believe I don't feel the pain But here I am going through it again Well I heard enough, I can't take no more You knock me down, down to the floor Now make a choice is do or die Commit to me and don't ask why

For you, do anything you want me to For you, do it all over again For you....doing it all for you baby (tired of waiting)

What's so hard about doing it right Can it all come down without a fight Wait for you to pull your share But it looks to me like you just don't care

For you, do anything you want me to For you, do it all over again For you....doing it all for you (tired of waiting) oh you know

For you, I'll be anyone you want me to be For you, I'll do anything you ask from me For you....doing it all, doing it all, doing it all baby

Instrumental

Uhh, try to run before you walk and you critize but baby, you can't talk Make believe I don't feel the pain But here we are going through it again

Well I had enough, I can't take no more When you knock me down, down to the floor Now make believe it's do or die Commit to me and don't ask why
