

Loverboy, Lady Of The '80s

She drives me crazy
She turns me on
She, she makes me go hazy
She was long and lean and oh so beautiful

She's my latest lady
My lady of the 80's, oh yeah

She makes it easy
She makes it hard
She, she knows how to please me
She gave me love and ooo she gave me everything

She's my latest lady
My lady of the 80's
A-oh yeah

You better leave her alone
You better leave her alone
You better leave her alone
You better leave her alone (She's mine)
You better leave her alone (She's mine)
You better leave her alone

Hey

There he was
Walkin' down the street
Takin' it easy
Talkin' to that girl of mine, oh yeah
There he was
Taking it easy
Walkin' down the street
Talkin' to that girl of mine, girl of mine

You better leave her alone
I said leave her alone
I said leave her alone
I said leave her alone
I said leave her alone
I said leave her alone
You better leave her alone
Leave her alone
Leave her alone
You better leave her alone
You better leave her alone
You better leave her alone

She's my latest lady
My lady of the 80's

My lady of the 80's
She's driving me wild
She's my lady of the 80's
She's makin' me crazy
She's makin' me crazy
She's drivin' me wild, yeah, oh yeah
Lady of the 80's
Lady of the 80's
Driving me wild
Driving me wild
Drivin' me wild, yeah, oh yeah
