

# Low, Closer

Hold me closer than that  
Hold me closer than that  
How&#039;d we get here so fast?  
Hold me closer than that

On a dark, raging sea  
Ships lay sleeping beneath  
Overhead, spinning past  
Hold me closer than that

Things we lost in the fire  
How&#039;d we ever get by?  
Words will never take back  
Hold me closer than that

Hold me closer than that  
Hold me closer than that  
How&#039;d we get here so fast?  
Hold me closer than that
