

# Low, Everybody's Song

Pour yourself another cup  
Another cup  
Another cup  
And wait  
I can't wait forever

Live your life of stupid luck  
Of stupid luck  
Of stupid luck  
It's a game  
Nobody does it better

Breaking everybody's heart  
Taking everyone apart  
Breaking everybody's heart  
Singing everybody's song

All your dreams are waking up  
They're waking up  
They're waking up  
Cause hey, you can't sleep forever

Every day they torture us  
They torture us  
They torture us  
And say nothing stays together

Breaking everybody's heart  
Taking everyone apart  
Breaking everybody's heart  
Singing everybody's song

Mother why did I become  
The angry son  
The angry one

Breaking everybody's heart  
Taking everyone apart  
Breaking everybody's heart  
Singing everybody's song
