

Low, Time Is The Diamond

If I'm not a lion
And I'm not an island
If time is the diamond
Well all right
Got a weak pair of lungs
From a childhood disease
Will it ever come clean
Well all right
Tried to learn from the past
Keep my fist in my mouth
But they just keep falling our
Well all right
Well all right
If I'm not a lion
And I'm not an island
If time is the diamond
Well all right
Well all right
