

# LP, Conversation

You are my one desire  
Who knew 2 waters make a fire sign  
And our words  
Though always in a spiral  
Are taking me higher

It's the truth that makes you melt  
Path to heaven always goes through hell  
I don't like to kiss and tell  
But you take me higher

Let's hava a conversation  
It's hanging in the air  
I hang on every line  
Let's hava a conversation  
I know you really care and so do i

Talk to me  
Look at me  
Say another word to me  
Just say what's on your mind  
Talk to me  
Look at me  
Say another word to me  
Just say what's on your mind

Let's hava a conversation  
Let's hava a conversation

Chances are it will be hard  
Let's discuss that takes us far apart  
I wil ladmire you still from afar  
I will never get tired
