

LP, Goodbye

The substance, the dealer
The wiser, the realer
The sun coming up
And the touch of a healer
The days of our lives
The first time that I saw her
The eyes of a savior
I loved her and lost her

And i don't know why
All i do is try
It's a lonely night
That talks to me /2x
And it takes its toll
On the sweetest soul
To release into peace
And tell yourself to let it go

Goodbye to less than , goodnye
Goodbye to wasting more time
To all of the darknwss where there shpould be light
Goodbye /3x

The lovelles
The waht's next?
The subtext is complex
And it the end
We're all just having same sex
Your heroes, your demones
You're taught to believe in
They change ith the seasons
Yes, fuck them
Don't need them

And i don't know why
All i do is try
It's a lonely night
That talks to me /2x
And it takes its toll
On the sweetest soul
To release into peace
And tell yourself to let it go

Goodbye to less than , goodnye
Goodbye to wasting more time
To all of the darknwss where there shpould be light
Goodbye /3x

No more cry
Say goodbye
It's alright
Say goodbye
No more cry
Say goodbye
It's alright
Say goodbye
To all of the darknwss where there shpould be light
Goodbye /3x
