

# Lucy Hale, Make You Believe (A Cinderella Story)

Plug in the mic, open the curtains  
Turn on the lights, I'm through rehearsing  
The feeling ignites, I'm in control  
The crowds in the palm of my hands  
All my fans stand,  
What is the truth?  
What's an illusion?  
You're searching for proof  
But are you certain?  
Whatever you see is what you get  
If words paint a picture then  
I betcha I can getcha yet

I'll make you believe in me  
I can be what you want me to be  
Tonight is the night  
Where I make you see  
That I can be anything  
Anything, anything

I'll make you believe in me  
I can be what you want me to be  
Tonight is the night  
Where I make you see  
That I can be anything  
Anything, anything

I got nothing to lose, I've been exposed  
I'm paying my dues, playing the role  
I'm breaking the rules, flowing the flow  
I've got the whole world nodding "yes"  
Like some bobble heads

I'll break a sweat, if you wanna  
Confess all your sins, you know you got 'em  
The rooms in a spin, the fever's pitched  
I swear there's no doubt I'm legit  
I'm no counterfeit

I'll make you believe in me  
I can be what you want me to be  
Tonight is the night  
Where I make you see  
That I can be anything  
Anything, anything

I'll make you believe in me  
I can be what you want me to be  
Tonight is the night  
Where I make you see  
That I can be anything  
Anything, anything

I'm not shy, boy  
I can be what you want  
Your bright shiny toy  
You just have to respond  
The clock never stops  
But baby, it's time  
There's no doubt in my mind  
That I can make you believe

I can be what you want me to be  
Tonight is the night

Where I make you see  
That I can be anything  
Anything, anything  
I'll make you believe in me  
I can be what you want me to be  
Tonight is the night  
Where I make you see  
That I can be anything  
Anything, anything

I'll make you believe in me  
I can be what you want me to be  
Tonight is the night  
Where I make you see  
That I can be anything  
Anything, anything

I'll make you believe in me  
I can be what you want me to be  
Tonight is the night  
Where I make you see  
That I can be anything  
Anything, anything  
You want from me
